The Highwayman, Yateley - Hampshire (Great Britain)

When I first arrived in the UK, I worked as a Pasta and Pizza Chef at Rest.The Highwayman - PUB, RESTAURANT & PIZZERIA, Yateley - Hampshire (Great Britain). I was hired when living in Spain. The main reason why I left to come to the UK was to improve my English language skills. I Have enjoyed working here and I have only had great response from customers and the management.

09/01/12- 20/08/12 Pasta & Pizza Chef

I used to work as a Pasta and Pizza Chef at Rest. Mamma Mia in Spain. I was hired after a probation period. As I have been passionate about food my whole life, my specialty being the Italian Cuisine, and even though I already knew how to make pizzas, I have during my time at Mamma Mia developed my skills further. I have also used my time to learn some Spanish. I left as this job was not a full-time position. I wanted to move to another country to try my wings and learn languages.

I was liaising with both clients, insurance companies, car rental companies etc. One of my daily tasks where to contact and send out toad-trucks to stranded clients after having checked that their insurance would cover this. In this job position I was liaising with most of the important leasing and car rental firms that are present on the market; e.g. Hertz, Avis, Sixt, Alphabet Italia, or Mercedez Benz, Volvo, BMW, Wolkswagen and insurance companies as Groupama, Axa etc.

Objectives

I always want to grow both professional and a personal level. My future plans include to perfection my language skills, especially my English. In my spare time I want to continue studying and attending courses in all sorts of things that interests me and that will develop my skills futher both personally and professionally. I am an easily adaptable person. I am an outgoing and cheerful person that is easy to have around and sometimes I am probably too kind to people that may not always deserve it. I believe that my best trait would be my ability to solve problems when they arise.

In my spare time I like to read, play football and other team sports and go to the gym sometimes. I just got myself a new interest; to learn languages. I want to become fluent and perfection my English. I am also quite a good dancer and I have taken part in talent shows. Amongst others I dance; salsa, bachata, merengue, rumba cubana y reggaeton.

I am looking forward to show you my abilities and to manage all the new, fun challenges I have ahead of me.
